ABOUT ME

Full-stack software developer specializing in React and Node.js, currently pursuing a degree in Information Systems Engineering.

I have over 6 years of experience in customer service and administration. I continuously acquire knowledge through self-learning, complemented by courses and university classes.

My ability to learn enables me to quickly grasp and effectively apply cutting-edge technologies, leveraging my problem-solving mindset.

I am ambitious, proactive, and highly adaptable. My interpersonal skills allow me to integrate seamlessly into multicultural and geographically distributed teams.
